SITUATION SUMMARY

Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Level 1	Normal Operations	Normal Operations	Normal Operations

Coronavirus Disease 2019 (COVID-19)

The Cal OES State Operations Center (SOC) activated 03/02/20 at 0700 hours in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

Situation Overview

- **California State of Emergency Proclamation**

On 03/04/20, Governor Gavin Newsom declared a State of Emergency for California, as a result of the global COVID-19 outbreak that began in December 2019, to make additional resources available, formalize emergency actions already underway across multiple state agencies and departments, and help the state prepare for broader spread of COVID-19.

- **Global Health Advisory**

On 08/06/20, in close coordination with the U.S. Centers for Disease Control and Prevention (CDC), the Department of State lifted the Global Level 4 Health Advisory. The Global Advisory, initially put in place on 03/19/20, advised U.S. citizens to avoid all international travel due to the global impact of COVID-19. For more information visit: <https://www.state.gov/>

- **State Executive Order N-07-21 and N-08-21**

On June 15th, the Governor terminated the executive orders that put into place the Stay Home Order and the Blueprint for a safer economy. He also phased out most executive actions put in place since March 2020 as part of the pandemic response, leaving a subset of provisions that facilitate the ongoing recovery. For more information visit: [Executive Order N-07-21](#) and [Executive Order N-08-21](#)

- **Executive Order N-09-21**

On 06/17/21, California revised Covid-19 Prevention Emergency Temporary Standards based on a vote by the Occupational Safety and Health Standards Board, to take immediate effect on 06/17/21. The updates include changes to face coverings and physical distancing requirements. More information on the revised Covid-19 Prevention Emergency Temporary Standards can be found in CAL/OSHA's Frequently Asked Questions: [Frequently Asked Questions](#)

- **CDPH Statewide Travel Advisory**

As of 06/15/21, CDPH and the CDC recommend delaying travel until persons are fully vaccinated. For more information: <https://www.cdph.ca.gov/Programs/CID/DCDC/CDPH%20Document%20Library/COVID-19/CA-is-Open-Travel-Guidelines.pdf>

On 04/21/21, the State Operations Center (SOC) changed the reporting tempo for the COVID-19 Sit Stat and Trifold Reports from daily to once a week. Updated reports can be expected every Tuesday of each week until further notice.

SITUATION SUMMARY

Coronavirus Disease 2019 (COVID-19) (Continued)

Confirmed Global COVID-19 Cases – Per Worldometers COVID-19 Live Updates as of 06/22/21 at 1700 hours:

- 179,696,026 (+2,495,334) total confirmed cases
- 3,891,297 (+58,951) total deaths

Confirmed United States COVID-19 Case – Per Centers for Disease Control and Prevention (CDC) as of 06/21/21 at 1700 hours:

- 33,368,860 (+65,575) total confirmed cases
- 599,354 (+1,760) total deaths

Confirmed California COVID-19 Cases - Per Medical Health Coordination Center as of 06/22/21 at 1700 hours:

- 3,704,640 (+6,713) total confirmed cases

COVID-19 Vaccines Administered – Per Vaccine Task Force as of 06/21/21 at 1700 hours:

- 40,622,774 (+833,284) vaccines administered
- Please see attached California Health & Human Services (CHHS) Agency / Cal OES Joint Situation Report for additional details

Late June 2021 Heat Event

Phase II Activation of the Heat Contingency Plan

- Phase II actions of the California Heat Contingency Plan are taken as a result of the National Weather Service's issuance of Excessive Heat Warnings with poor overnight recovery for an Operational Area over a period typically three or more days.
- Phase II of the Heat Contingency Plan has been activated through Thursday, July 1, due to forecasts of dangerous and excessive heat for portions of Inland, Coastal, and Southern Regions.
- Please see the attached Situation Cell Incident, Late June 2021 Heat Event Report

Actions Taken by Cal OES

- The Situation Cell produced Weather Outlook briefing for situational awareness on June 25, 2021, and started incident reporting, June 26, 2021. The incident report includes state and local actions, as well as cooling center information.
- The Situation Cell will continue to monitor the heat event for increase in duration and/or impacts and reevaluate the Heat Plan as necessary.
- The Situation Cell is activated at an enhanced watch and will continue to monitor the heat event for increase in duration and/or impacts and reevaluate the Heat Plan as necessary.

SITUATION SUMMARY

Cal OES INLAND REGION

Teviston CSD Water System Failure, Tulare County

On Monday, 06/14/21, Tulare County OES reported a water system failure in the community of Teviston, which has 110 service connections and a population of approximately 348.

- Tulare County OES coordinated the delivery of bottled water to each residence, which should provide enough water through the weekend and through the Excessive Heat Warning weather event. Participating agencies included several Tulare County departments, Self Help Enterprises, Community Services Employment Training (CSET), and Cal OES Inland Region.

WEATHER OF CONCERN

NORTHERN CALIFORNIA

- Interior areas of northwest California will heat up through the weekend, with hot weather lasting into next week. Sunday is expected to be the hottest day, with the focus of the heat in the areas included in the Excessive Heat Warning area. High temperatures between 100 and 112 degrees are forecast for the interior valleys in this area.
- Dangerously hot conditions with temperatures up to 105 possible for northeast California and the Sierra Front from Sunday afternoon through Wednesday evening.
- An Excessive Heat Warning will go into effect on Saturday, 06/26/21 and last into 06/29/21 in Siskiyou and Modoc County.
- An Excessive Heat Watch will go into effect on Saturday, 06/26/21 and last into 06/28/21 in the Sacramento Valley region, Colusa, Shasta, and surrounding foothills and mountains.
- An Excessive Heat Watch will go into effect on Saturday, 06/26/21 and last into 06/28/21 in Mendocino, portions of Humboldt, Lake, and Trinity Counties.
- An Excessive Heat Watch will go into effect on Sunday, 06/27/21 and last into 06/30/21 in Surprise Valley and in portions of Lassen and Plumas Counties.

SOUTHERN CALIFORNIA

- Elevated fire weather in the deserts due to low humidity and gusty winds through the weekend.
- Excessive Heat Watch for portions of southeast California from late Sunday morning through Monday evening.
- Excessive Heat Watch for portions San Diego County Deserts and Coachella Valley Sunday morning through Monday evening.
- Excessive Heat Watch for portions of Apple and Lucerne Valleys Sunday morning through Monday evening.

WEATHER KEY POINTS

06/28/21 - 07/04/21

Monday-Sunday

- Moderate to very high heat risk impacts will continue over much of the state this week
 - Daytime highs of 100 to 110, and locally warmer, will be common over much of the Central Valley, with readings of 100 to 120 across interior southern California
 - Temperatures close to the coast will be much cooler through much of this heat event
- Locally breezy conditions can be expected again most afternoons in many foothill and mountain locations, leading to elevated fire weather conditions due to the hot temperatures and ongoing very dry weather
- An increase in showers and thunderstorms appears is expected across the Sierra and southern California by mid week.
 - The main threats with these storms will be lightning, gusty winds, and locally heavy rainfall.

CALIFORNIA WEATHER IMPACTS

Wednesday

Category	Level	Meaning	Category	Level	Meaning
Green	0	No Elevated Risk	Red	3	High Risk for much of the population, especially those who are heat sensitive and those without effective cooling and/or adequate hydration
Yellow	1	Low Risk for those extremely sensitive to heat, especially those without effective cooling and/or adequate hydration	Magenta	4	Very High Risk for entire population due to long duration heat, with little to no relief overnight
Orange	2	Moderate Risk for those who are sensitive to heat, especially those without effective cooling and/or adequate hydration			

WEATHER OUTLOOK

07/03/21 - 07/09/21

6-10 Day Outlook (July 3 – July 7)

Temperatures

- Above normal temperatures are favored to continue statewide.

Precipitation

- Near normal precipitation is favored across southern and coastal California, with above normal precipitation favored over the Sierras.

8-14 Day Outlook (July 5 – July 11)

Temperatures

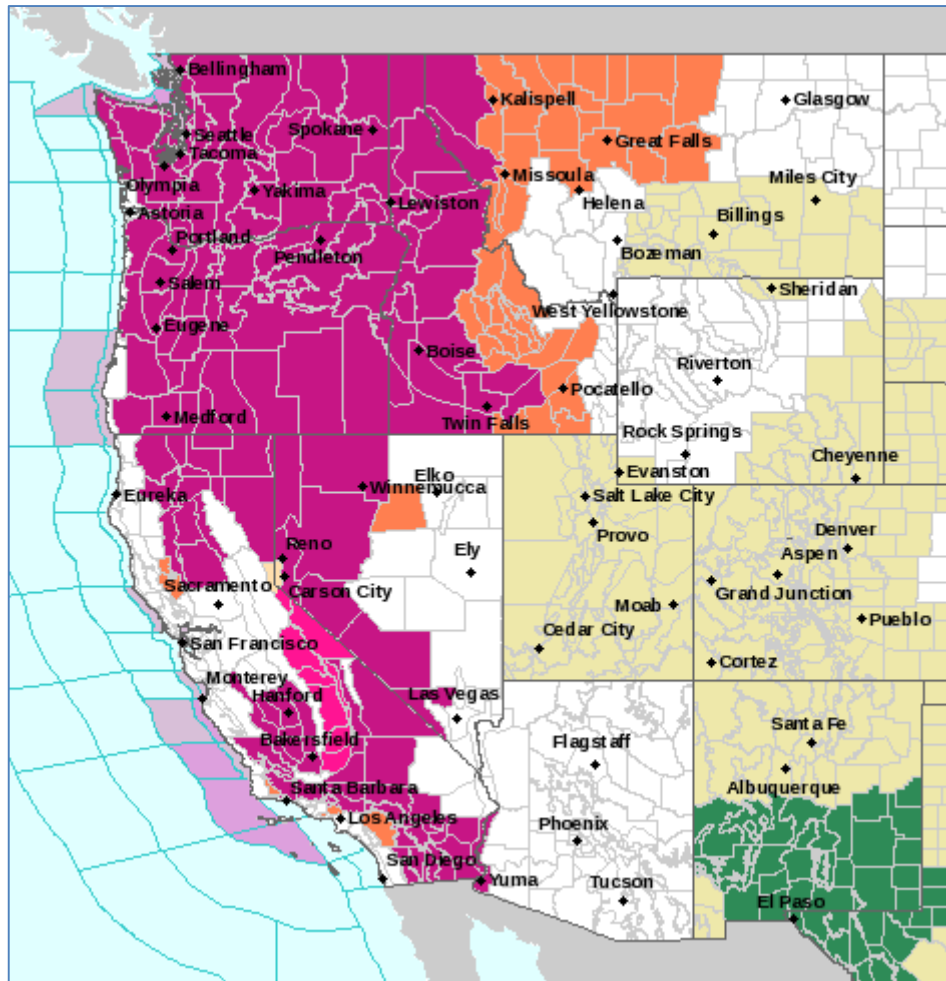

- Above normal temperatures are favored statewide once again.

Precipitation

- Near normal precipitation is favored for much of California, with the exception of northern California and the Sierras where below normal precipitation is favored.

Cal OES LAW ENFORCEMENT MISSIONS

Cal OES Law Missions

- **2021-LAW-65508, 06/24/21, 1503 hours:** Tuolumne County Sheriff requested Santa Clara County Sheriff assist with an underwater search for a presumed-drown female in Lake Don Pedro. Santa Clara County Sheriff accepted the mission, specifically for advanced 3D Side-Scan sonar capabilities, and is coordinating with Tuolumne County Sheriff. **Mission On-Going.**

2021-LAW-65583, 06/27/2021, 1015 hours: IERCC advised of an InReach device activation plotting to the area of Fresno County, (36.914052, -119.033496). The device R/O reported an injured party at the scene, unable to walk. Fresno Sheriff dispatched a helicopter to the scene. The male subject was airlifted from the scene by Fresno Sheriff. **Mission Closed.**

2021-LAW-65589, 06/27/2021, 1123 hours: IERCC advised of an InReach device activation plotting to the area of Sequoia Kings National Park, Fresno County (36.824874, -118.500102.) A female was reported to be lost and injured. SEKI NPS dispatch initiated a response. **Update:** 2310 hours, an NPS Ranger reached the injured party and has assessed and provided medical care. Due to poor weather an exfil cannot be conducted at this time. Ranger is staying the night with patient and will attempt to medevac the patient in the morning. **Mission On-going.**

2021-LAW-65597, 06/27/2021, 1203 hours: IERCC advised of an InReach device activation plotting to the area of Rice Canyon Wilderness Area, Santa Clarita, Los Angeles County, (34.350096 -118.557780.) A female was reported to be suffering from heat exhaustion and in need of medical attention. Los Angeles County Sheriff SIB and EOB Duty Officer were advised of the incident. Santa Clarita Station deputies initiated a response. Patient was located and then transported to a local hospital by EMS. **Mission Closed.**

2021-LAW-65605, 06/27/2021, 1400 hours: IERCC advised of an InReach device activation plotting to the area of Yosemite National Park, Tuolumne County (37.905600 -119.524169), reference a missing person. Yosemite NPS Rangers initiated a response. **Update** 2306 hours, NPS advised missing person case resolved. **Mission Closed.**

2021-LAW-65601, 06/27/2021, 1427 hours: IERCC advised of an InReach device activation plotting to the area of "Granite Stairway", Madera County, (37.607328 -119.116452.) The R/O reported his wife experiencing a heat stroke and vomiting. Madera Sheriff SAR initiated a response. CHP Helicopter "H40" requested. **Update:** 1812 hours: CHP H40 medevac's the patient to Mammoth Airport. Patient declined further medical treatment. **Mission Closed.**

2021-LAW-65609, 06/27/2021, 1613 hours: IERCC advised of an InReach device activation plotting to the area of Inyo County, (36.646067 -117.828-8669.) The device R/O advised of an ill subject possibly experiencing a heat stroke. Inyo Sheriff initiated a response. **Update** 1746 hours, Inyo Sheriff advised the ill party was able to walk out on his own. **Mission Closed.**

2021-LAW-65593, 06/27/2021, 2103 hours: **Mission On-Going.** AFRCC advised of a PLB device activation plotting to the area of Yosemite National Park, Tuolumne County (37.933205 -119.464893.) Yosemite National Park Rangers initiated a response. Tuolumne County Sheriff Dispatch notified. **Mission On-going.**

Cal OES MISSION TASKINGS

Cal OES Missions

- **2021-TACCOM-0422:** Kit-1 and HQ-10 of Sonim phones to Chico State and the CPUC for their annual Cellular speed test. Typical usage time is 30-45 days.
- **2021-TACCOM-061621:** Sonim Kit HQ3 assigned to OCFA to test Android phones for fire season. ETA Return is 10/21/21. COMC monitoring.

Cal OES

GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
